

Date: 21st January 2015

Ref: EMC Test Equipment Recognized by Ford Motor Company

To whom it may concern,

The following items:

- QSH6B20WA
- QSH9AB20WA

Are listed within "**Ford Recognized_Test_Equipment_Sep2012 version.pdf**" Updated: 10/09/2012, as Relevant Test Equipment for "**RI 114 (Bands 6, 7)**".

Steatite Q-par Antennas recently changed the catalogue codes for these parts where:

- QSH6B20WA was replaced by QSH-SL-1.1-1.7-N-20
- QSH9AB20WA was replaced by QSH-SL-2.2-3.3-N-20

Please take this document as recognition of this change in catalogue Code.

Yours faithfully,

Pete Whitby
